

Become a Literacy Volunteer

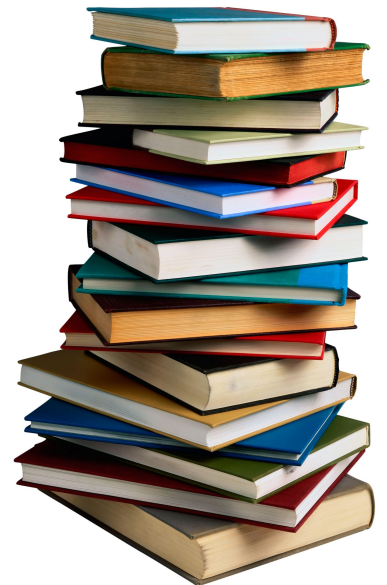

Share your knowledge, and make a difference in someone's life in 2018!

Is one of your goals for this year to get involved in your community, or to give back to those in need? Becoming a Literacy Volunteer is a great way to make a positive impact in someone's life!

Literacy Volunteers help adult students learn to speak English, or to improve their basic reading, writing, or math skills. They work with all kinds of Bridgeport area adults: recent immigrants, people working on their high school diploma, as well as those simply looking to improve their reading and writing skills.

You don't need to speak another language, or have a teaching background to volunteer!

To learn more, come to our next Orientation / Information Session, on **January 10th at 12pm** at the Bridgeport Public Library! Our next set of tutor training classes will start on January 12th.

925 Broad St, Broad Street
